SUMMARY

Highly skilled Frontend Developer, seasoned with over 8 years of mastery in React.js, JavaScript, CSS, and HTML5. Proven track record of driving transformative projects, and optimizing development workflows for leading companies. Proficient in Redux, Angular, and Vue.js, dedicated to enhancing user experiences. Adept at fostering collaborative environments, passionate about mentoring, and leading teams for continuous growth.

EXPERIENCE

Lead Frontend Developer | React.js Expert

Boranka Teknoloji A.Ş.   November 2023 - Present, İstanbul, IST

- Led the development of PETEKB2B using React.js, TypeScript, and SCSS, introducing Figma-to-React conversion for heightened UI/UX and visual appeal.
- Demonstrated full-stack proficiency with React.js, Redux, and Axios for efficient API handling. Contributed to Boranka Teknoloji A.Ş.'s global success with PETEKB2B, a responsive and internationalized dealer management platform.
- Implemented a robust testing infrastructure using Jest, Cypress, and Webpack. Integrated CI/CD pipelines through GitLab CI and GitHub Actions, ensuring efficient deployment of PETEKB2B.
- Showcased versatility by utilizing Tailwind CSS, GraphQL, and various routing solutions in PETEKB2B. Adapted to emerging technologies like WebAssembly and Micro Frontends, ensuring future-proofing and scalability of the platform.

Lead Frontend Developer | Blockchain Enthusiast

Oxhain Exchange   August 2022 - July 2023, İstanbul, IST

- Led Oxhain Exchange's full-stack development, overseeing the transition from Figma designs to a responsive React app using React.js, Material-UI, and styled-components.
- Integrated cutting-edge blockchain technologies into Oxhain's frontend, utilizing React, Redux, and Tailwind CSS, positioning the platform as a leader in the blockchain industry.
- Guided a team in transforming over 100 pages with NFT and AI-themed interfaces, showcasing a forward-thinking approach aligned with Oxhain's cryptocurrency vision.
- Orchestrated the "oxhain" project, excelling in Axios, react-burger-menu, react-multi-carousel, and sweetalert2 for streamlined data handling and enhanced user interactions, contributing to optimal project efficiency.

Freelance Senior Frontend Developer | Fintech Solutions Specialist

Scan Global Holdings Ltd.   June 2019 - July 2022, Ontario, ON

- Developed 150+ Fintech WordPress themes, plugins, and calculators at Scan Global Holdings, showcasing WordPress, React.js, and custom calculator expertise.
- Directed 50+ React projects, demonstrating proficiency in React.js, Redux.js, and Server-Side Rendering for scalable applications at Scan Global Holdings.
- Led Fintech digital transformation with TypeScript, REST APIs, and Material-UI, enhancing functionality and user experiences.
- Spearheaded a Figma-to-dynamic solution project, developing from scratch with React, WordPress, and HTML5 at Scan Global Holdings.

UI/UX & Frontend Design Specialist | IT Consulting Products

A2Z Creatorz   May 2016 - May 2019, Karachi, KHI

- Spearheaded the creation of 200+ WordPress themes/plugins, elevating UI/UX for IT Consulting Products.
- Translated 300+ Figma/XD designs into HTML5/CSS, ensuring seamless responsiveness in IT Consulting.
- May 2019 Performance Award for exceptional UI/UX contributions in IT Consulting Products.
- Specialized in responsive design, optimizing user engagement across devices for IT Consulting.

Senior Frontend Developer | JavaScript | React.js | WordPress Expert
Meta Abstraxion   July 2015 - April 2016, Karachi, KHI

- Successfully converted 20+ Adobe Photoshop and Adobe XD designs into responsive HTML5 and CSS, demonstrating proficiency in frontend technologies.
- Developed 10+ custom WordPress themes, showcasing expertise in WordPress, theme development, and validation techniques.
- Optimized applications for SEO, contributing to enhanced online visibility and success in the digital landscape.

Frontend Developer | JavaScript | React.js | WordPress Specialist
Ms Global Inc   May 2014 - April 2015, Karachi, KHI

- Converted 10+ Adobe Photoshop designs into responsive HTML5 and CSS, showcasing expertise in frontend development.
- Developed 5+ custom WordPress themes, demonstrating proficiency in WordPress theme development and validation.
- Ensured application optimization for online visibility through Search Engine Optimization (SEO) strategies.
